THE  
MILLENNIALS  
SHIBUYA

ミレニアル世代のためのホテルとして、1号店である京都に続き、今年3月渋谷に誕生したThe Millennials Shibuya。その最大の特徴は、日本発祥の宿泊形態であるカプセルホテルを最新テクノロジーによって発展させた多機能客室ユニット「Smart Pod」、加えて、ホテル面積の2割をラウンジやセルフキッチン、コワーキングスペースなどの共用部に割いている点も、次世代のライフスタイルに寄り添った同ホテルならではの、また、オープン時には著名アーティストを招聘して「20人のアートポッド展」を開催。Smart Podをキャンバスに、多様なアイデアによって描かれた20室には期間限定だが宿泊も可能だ。

The Millennials Shibuya is a hotel for the millennial generation opened this March in Shibuya as the follow-up to the first location in Kyoto. What makes it stand out most is its Smart Pod multi-functional guest room units, which revamps capsule hotel-style lodging originating in Japan with the latest technology. On top of this, 20 percent of the hotel is devoted to common facilities and areas like a lounge, a self-service kitchen, and a coworking space – something you would only find at an establishment catering to the lifestyle of the next generation. Upon opening, the Millennials Shibuya also held “20 Art Pods Exhibition” featuring acclaimed artists. Though only for a limited time, it is possible to stay in one of these Art Pods that served as canvases for a diverse range of ideas.
